

Course Description – Summer Term 2025

Title	German Law in a Global Context
Faculty	International School/ Business Law
Professor	Prof. Dr. Matthias Schneider, LL.M.Eur., C.M.L. (Pretoria)
ECTS	5
Level	Bachelor
Requirements	-
Add. Information	Block course, meetings online and offline
Content	<p>The module provides an insight into the basics of the German legal system in a global context in English. The students learn about various legal sources, which are of fundamental importance for life in German society and working world. They appreciate the importance of the European Union and International Organizations for the application of (national) law.</p> <p>The students improve their language skills in English as well as in German by translating the most common legal terms into the German language. They are able to understand legal questions in an international and intercultural environment. References to Anglo-American law and hybrid legal systems are made to give the students a comparative legal perspective.</p>
