Syllabus: “Academic Writing”
International School, Summer Semester 2020
Kevin Rausch M.A.

(a) Inhalt und Ansatz | Content and Approach

- In this course the students will:
  o understand writing as a process of brainstorming, outlining, drafting, and revising
  o learn to write an argumentative essay supported by secondary research
- Teaching methods are oriented towards student-centred learning and include activities such as mini-lectures, group work, peer review, and consultations with the instructor. This course is designed as an online seminar. Once the university opens and classroom teaching is possible again, it may be continued in the classroom.
- Students require at least an upper-advanced level of English in order to follow the lessons.
- Completion of assignments is required for exam admission. Once classroom teaching should be introduced, regular attendance (at least 80% of all sessions) will be required, too.
- 3 ECTS credits are granted for successful completion of the course. Therefore, students should be prepared to spend considerable time on working with the study content.
- It is recommended (though not obligatory) to attend this course alongside the “Academic Reading” course offered in the International School.
- Participants are required to register for the course via StudIP, where all teaching resources will be made available. Students that are not enrolled yet and therefore do not have access to StudIP need to send an e-mail to k.rausch@hs-sm.de.
- The script contains the following (exam-relevant) self-study material which students need to complete independently during the semester (only chapters 1–30):

(b) Qualifikationsziele | Learning Objectives

- This course is aimed at developing the writing skills for academic success.
- Students learn about and practice:
  o searching for and selecting credible sources for use in writing
  o incorporating information from sources by summarizing, paraphrasing, and quoting it in ways that avoid plagiarism
  o demonstrating critical thinking
  o constructing an essay of a given style (e.g. argumentative, problem-solution) using the steps in process writing (outline/plan, draft, revision, final).
(c) Kursstruktur | Course Structure

- Students will work independently at one topic each week. Each following Monday we will discuss the topic, compare all assignments and address any questions online.
