

<https://www.tst-gmbh.de>

Welcome to the portal for online internet applications!

On this page you will find important information for your online contracts.

At the top of the menu you will find the online LAN orders for an Internet connection for the apartment Martin Luther Ring 38 or Blechhammer House 1 and 2.

Important!

The forms cannot be completed online.

First download the form to your device (PC, laptop, mobile phone) and then fill it out.

You can find the corresponding IP address for your room in the menu item „IP lists“.

Select your building in the list, go to the corresponding room number of your apartment and enter the IP address in your form.

Please fill out all the fields provided and save your completed contract on your device.

Send the completed contract by e-mail to:

studenten@tele-thorwarth.de

*If you require a router, please contact us.

If you need a router, you can purchase a router (TP-Link) already preconfigured with your data for 35 euros.

Sign this contract digitally or insert an image caption.
If you have any questions, please contact your tutor.

At the beginning of every semester, the Internet connections in all 3 apartments are completely unlocked. Every student has the opportunity to access the Internet and can sign his contract online within 4 weeks. The deadline includes the application for the matriculation number and the German account with foreign students

Activation is part of the contract and is valid from April to September and October to March of the respective summer or winter semester regardless of when the contract is submitted. The only exception is made for students proven to have arrived later.
